#### **Great Dane, LLC, Receipt of Petition for Decision of Inconsequential Noncompliance**

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Receipt of petition.

**SUMMARY:** Great Dane, LLC (Great Dane) has determined that certain model year (MY) 2019 Great Dane Freedom Platform trailers do not comply with Federal Motor Vehicle Safety Standards (FMVSS) No. 223, *Rear Impact Guards*, and FMVSS No. 224, *Rear Impact Protection*. Great Dane filed a noncompliance report dated January 2, 2019, and subsequently petitioned NHTSA on January 2, 2019, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This document announces receipt of Great Dane's petition.

**DATES:** The closing date for comments on the petition is **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

#### **SUPPLEMENTARY INFORMATION:**

**I. Overview:** Great Dane has determined that certain MY 2019 Great Dane Freedom Platform trailers do not fully comply with paragraph S5.3 of FMVSS No. 223, *Rear Impact Guards* (49 CFR 571.223), and paragraph S5.1 of FMVSS No 224, *Rear Impact Protection* (49 CFR 571.224). Great Dane filed a noncompliance report dated January 2, 2019, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*, and subsequently petitioned NHTSA on January 2, 2019, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

This notice of receipt of their petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

**II. Trailers Involved:** Approximately 72 MY 2019 Great Dane Freedom Platform trailers, manufactured between July 10, 2018, and November 8, 2018, are potentially involved.

**III. Noncompliance:** Great Dane explained that the noncompliance is that the subject trailers were manufactured with a rear impact guard that does not contain the certification plate as required by paragraphs S5.3 of FMVSS No. 223 and S5.1 of FMVSS No. 224.

**IV. Rule Text:** Paragraphs S5.3 of FMVSS No. 223 and S5.1 of FMVSS No. 224 include the requirements relevant to this petition. Each guard shall be permanently labeled with the information specified in paragraphs S5.3(a) through (c) of FMVSS No. 223. The information shall be in English and in letters that are at least 2.5mm high. The label shall be placed on the forward or rearward facing surface of the horizontal member of the guard, provided that the label does not interfere with the retroreflective sheeting required by S5.7.1.4.1(c) of FMVSS No. 108 (49 CFR 571.108), and is readily accessible for visual inspection and includes the following: (a) the guard manufacturer's name and address, (b) the statement: "Manufactured in \_\_\_\_" (inserting the month and year of guard manufacture), and (c) the letters "DOT," constituting a certification by the guard manufacturer that the guard conforms to all requirements of this standard. FMVSS No. 224 requires that each vehicle shall be equipped with a rear impact guard certified as meeting FMVSS No. 223.

**V. Summary of Great Dane's Petition:** The following views and arguments presented in this section, V. Summary of Great Dane's Petition, are the views and arguments provided by Great Dane. They have not been evaluated by the agency and do not reflect the views of the agency.

Accordingly, Great Dane described the subject noncompliance and stated that the noncompliance is inconsequential as it relates to motor vehicle safety.

1. Great Dane believes that the lack of the impact guard certification plate, is an inconsequential type of noncompliance as it relates to vehicle safety. The fact that the certification plate was not installed on the rear impact guard on this particular group of trailers does not make these trailers any less safe.

2. Great Dane stated that these rear impact guards as manufactured and installed by Great Dane, are compliant as required by the Federal Standard.
3. The subject trailers have affixed to them certification plates, certifying that the entire trailer, including the rear impact guard, meet and/or exceed all the Federal Motor Vehicle Safety Standards in effect, on the date of manufacture as indicated.
4. To meet the standards of FMVSS 223 and 224, Great Dane has never installed a third party produced rear impact guard on any of its trailers.
5. The incident that lead to these trailers being produced without the plate attached was an isolated incident. It has since been investigated, resolved, and should not occur again in the future.
6. Great Dane believes that the extra certification plate required on the rear impact guard is redundant.

Great Dane concluded by expressing the belief that the subject noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject trailers that Great Dane no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the

prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant trailers under their control after Great Dane notified them that the subject noncompliance existed.
